PROGRAMME

29TH MAY
1ST JUNE
2025

Es Saadi Palace Marrakech

SPEAKERS

CHAIRMEN

PROF. BEN YAHYA

DR. DAAS

DR. KHOURY

PROF. MISSIKA

PROF. MOUHYI

IMPLANTOLOGY

DR. ASSIS

DR. ATLAN

DR. ANTOUN

DR. D'AMBROSIO

PROF. BARONE

DR. BASTOS

DR. BONNET

DR. BIRAULT

DR. COACHMAN

DR. COLOMÉ

DR. DISS

DR. EL MOHEB

DR. FINELLE

DR. GELY-HUC

DR. GEMMI

SPEAKERS

IMPLANTOLOGY

DR. GUILLOU

DR. KELLER

DR. LUONG

DR. MCRAE

DR. MIKOU

DR. MONTI

DR. MOURA

PROF. OULLIER

DR. PAOLANTONI

PROF. SCULEAN

DR. STANLEY

DR. SURMENIAN

MRS. VENTRIBOUT

DR. ZARRINE

ORTHODONTICS

DR. ALMEIDA GOMES

PROF. ALVES

DR. CANTOR

DR. CARRIÈRE

DR. DE PAPÉ

DR. FELLUS

DR. ZARRINPOUR

IMPLANTOLOGY

Thursday 29 May

MORNING

8.30 am

Opening

8.50 am

Introduction by Philippe Veran
Biotech Dental Group President

9 am
11 am

1. Implants & peri-implant tissues

Emergence profile management: materials and techniques, from temporary to final prosthesis

[Dr. Pierre Colomé](#)

Implant placement in augmented extraction sockets: surgical procedures

[Prof. Antonio Barone](#)

Prosthetically or biologically guided implant placement: friends or enemies?

[Dr. Guerino Paolantoni](#)

11 am
11.30 am

 *Coffee Break*

11.30 am
1.30pm

2. Immediate implant placement

Sealing Socket Abutment concept (SSA): what we know from 10 years of clinical and technological evolution

[Dr. Gary Finelle](#)

How to be predictable with immediate implant placement in compromised sockets

[Dr. Gonçalo Assis](#)

Bone defects management in aesthetic zone: the SOCKET SHIELD technique - "PRESERVING NATURE"

[Dr. Aniello D'Ambrosio](#)

A new vision in immediate implantology: HORIZONTAL SHIELD Technique, between challenges & promises

[Dr. Mohamad El Moheb](#)

1.30 pm
2.40pm

 *Lunch*

IMPLANTOLOGY

Thursday 29 May

AFTERNOON

2.45 pm
4.30 pm

3. Biology & implantology

Etiology, prevention and treatment of mucosal recessions at dental implants

Prof. Anton Sculean

Influence of implant design, photobiomodulation and the use of a biomaterial on implant osseointegration: Prospective study with ISQ measurement of 700 clinical cases

Dr. Frédéric Gely-Huc

Osseointegration of subperiosteal implants: a game changer?

Dr. Laurine Birault & Dr. Antoine Diss

4.30 pm
5 pm

 *Coffee Break*

5 pm
6.45 pm

4. The aesthetic zone

In pursuit of aesthetic: management of complex implant and prosthetic cases

Dr. Helder Moura

Digital technology for aesthetics

Dr. Anthony Atlan

Management of complications in the aesthetic zone

Dr. Joel Bastos

IMPLANTOLOGY

Friday 30 May

MORNING

9 am
11 am

5. Digital solutions

Guided Surgery: A simplification tool or just a passing trend?
Dr. Othman Mikou

Digital innovation in implant and pre-implant surgery
Dr. Pierre Keller

**Simplifying immediate implant placement procedure:
the All-in concept**
Dr. Lon McRae

11 am
11.30 am

 Coffee Break

11.30 am
1.15 pm

6. Full Arch implant rehabilitation

Full Arch immediate loading: from analog to Full Digital approach
Dr. Christian Monti

Clinical Applications of extra-long Dental Implants in severely resorbed maxilla
Dr. Dau Cao Luong

Think Different: Revolutionizing zygomatic treatment
Dr. Sepehr Zarrine

1.30 pm
2.40 pm

Lunch

Conferences in FR/EN

IMPLANTOLOGY

Friday 30 May

AFTERNOON

Workshops IMPLANTOLOGY

Bone revolution
Dr. Pierre Keller

FR | EN

Monobloc concept
Dr. Hadi Antoun

FR | EN

SSA concept
Dr. Gary Finelle

FR | EN

Workshops ASSISTANT(S)

Mrs. Marie-Pierre Ventribout

FR

Free for all assistants

Saturday 31 May

MORNING

9.15 am
11.20 am

7. Management of soft & hard tissue defects

Spider revolution

Dr. Jérôme Surmenian

Sinus lift: what if perforation was no longer a complication?

Dr. Thomas Gemmi & Dr. Estelle Guillou

Preserving, recovering and shaping bone and soft tissue in implantology

Dr. Hadi Antoun & Dr. Franck Bonnet

11.20 am
11.30 am

 Coffee Break

11.45 am
1.30 pm

8. Innovation & holistic dentistry

Accelerate your dental practice: the future of Photobiomodulation with ATP38®

Dr. Miguel Stanley

Humane Artificial Intelligence: Algorithms to improve performance and well-being

Prof. Olivier Oullier

7 steps from conventional towards ideal dentistry

Dr. Christian Coachman

Friday 30 May

AFTERNOON

1pm
2.30pm

Lunch

2.30 pm
4.15 pm

Neuromuscular orthodontics: Aligners, occlusal deprogramming wedges and 'Carriere Motion': the perfect alliance for occlusion plane control

Dr. Romain de Papé

New vision in occlusion & orthodontics: aligners shaping the future

Prof. Heloísa Filipe Alves

How can biomechanic concepts take your aligners treatment to the next level?

Dr. Bruno Almeida Gomes

4.15 pm
4.45 pm

Coffee Break

4.45 pm
6.30 pm

How to simplify our orthodontic treatments through an easy protocol, strategy and innovation

Dr. Luis Carrière

Benefits of 4D digital workflow in complex myofunctional treatments

Dr. Arash Zarrinpour

Saturday 31 May

MORNING

Workshops ORTHODONTICS

9 am
10.45 am

Neuromuscular concept: discussions & visions
Dr. Romain de Papé

FR | EN

11 am
1 pm

**The Carrière Motion concept:
discussions based on clinical cases**
Dr. Luis Carrière
Dr. Ana-María Cantor

FR | EN

11 am
1 pm

**FroggyMouth: establishing functional balance
in daily practice for patients of all ages**
Dr. Patrick Fellus

FR | EN

See you soon
