CHAIRMAN

PROF. BEN AMOR

DR. ALMEIDA GOMES

PROF. ALVES

DR. CANTOR

DR. CARRIÈRE

DR. DE PAPÉ

DR. FELLUS

DR. ZARRINPOUR

Thursday 29 May

MORNING

8.30 am

Opening

8.50 am

Introduction by Philippe Veran
Biotech Dental Group President

Chairman

Prof. Jaafar Mouhyi

9 am
11 am

1. Implants & peri-implant tissues

Emergence profile management: materials and techniques, from temporary to final prosthesis

Dr. Pierre Colomé

Implant placement in augmented extraction sockets: surgical procedures

Prof. Antonio Barone

Prosthetically or biologically guided implant placement: friends or enemies?

Dr. Guerino Paolantoni

11 am
11.30 am

 Coffee Break

Chairman

Dr. Elias Khoury

11.30 am
1.30pm

2. Immediate implant placement

Sealing Socket Abutment concept (SSA): what we know from 10 years of clinical and technological evolution

Dr. Gary Finelle

How to be predictable with immediate implant placement in compromised sockets

Dr. Gonçalo Assis

Bone defects management in aesthetic zone: the SOCKET SHIELD technique - "PRESERVING NATURE"

Dr. Aniello D'Ambrosio

A new vision in immediate implantology: HORIZONTAL SHIELD Technique, between challenges & promises

Dr. Mohamad El Moheb

1.30 pm
2.40pm

Lunch

Conferences in FR/EN

IMPLANTOLOGY

Thursday 29 May

AFTERNOON

Chairman

Prof. Patrick Missika

2.40 pm
4.30 pm

3. Biology & implantology

Etiology, prevention and treatment of mucosal recessions at dental implants

Prof. Anton Sculean

Influence of implant design, photobiomodulation and the use of a biomaterial on implant osseointegration: Prospective study with ISQ measurement of 700 clinical cases

Dr. Frédéric Gely-Huc

Osseointegration of subperiosteal implants: a game changer?

Dr. Laurine Birault & Dr. Antoine Diss

4.30 pm
5 pm

Coffee Break

Chairman

Dr. Marwan Daas

5 pm
6.45 pm

4. The aesthetic zone

In pursuit of aesthetic: management of complex implant and prosthetic cases

Dr. Helder Moura

Digital technology for aesthetics

Dr. Anthony Atlan

Management of complications in the aesthetic zone

Dr. Joel Bastos

7.15 pm

Welcome cocktail

Conferences in FR/EN

IMPLANTOLOGY

Friday 30 May

MORNING

08h30

Opening

Chairman
Dr. Marwan Daas

9 am
11 am

5. Digital solutions

Guided Surgery: A simplification tool or just a passing trend?
Dr. Othman Mikou

Digital innovation in implant and pre-implant surgery
Dr. Pierre Keller

**Simplifying immediate implant placement procedure:
the All-in concept**
Dr. Lon McRae

11 am
11.30 am

 Coffee Break

Chairman
Dr. Elias Khoury

11.30 am
1.30 pm

6. Full Arch implant rehabilitation

**Full Arch immediate loading: from analog to Full Digital
approach**
Dr. Christian Monti

**Clinical Applications of extra-long Dental Implants in
severely resorbed maxilla**
Dr. Dau Cao Luong

Think Different: Revolutionizing zygomatic treatment
Dr. Sepehr Zarrine

1.30 pm
2.30 pm

Lunch

Conferences in FR/EN

IMPLANTOLOGY

Friday 30 May

AFTERNOON

Workshops IMPLANTOLOGY

Bone revolution
Dr. Pierre Keller

EN 

2.30 pm - 4.15 pm

FR 

4.30 pm - 6.15 pm

Concept monobloc
Dr. Hadi Antoun

FR 

2.30 pm - 4.15 pm

Concept SSA
Dr. Gary Finelle

FR 

2.30 pm - 4.15 pm

EN 

4.30 pm - 6.15 pm

Workshops ASSISTANT(S)

Mrs. Marie-Pierre Ventribout

FR 

4.30 pm - 6.15 pm

Free for all assistants

Saturday 31 May

MORNING

08h30

Opening

Chairmen

Prof. Ihsane Ben Yahya | Prof. Patrick Missika

9 am
11 am

7. Management of soft & hard tissue defects

Sinus lift: what if perforation was no longer a complication?
Dr. Thomas Gemmi & Dr. Estelle Guillou

Spider revolution
Dr. Jérôme Surmenian

Preserving, recovering and shaping bone and soft tissue in implantology
Dr. Hadi Antoun & Dr. Franck Bonnet

11 am
11.30 am

 Coffee Break

Chairmen

Prof. Ihsane Ben Yahya | Prof. Jaafar Mouhyi

11.30 am
1.30 pm

8. Innovation & holistic dentistry

Accelerate your dental practice: the future of Photobiomodulation with ATP38®
Dr. Miguel Stanley

7 steps from conventional towards ideal dentistry
Dr. Christian Coachman

Humane Artificial Intelligence: Algorithms to improve performance and well-being
Prof. Olivier Oullier

End of conferences

Friday 30 May

AFTERNOON

Chairman: Prof. Adel Ben Amor

1pm
2.30pm

Lunch

2.30 pm
4.20 pm

Neuromuscular orthodontics: Aligners, occlusal deprogramming wedges and 'Carriere Motion': the perfect alliance for occlusion plane control

Dr. Romain de Papé

New vision in occlusion & orthodontics: aligners shaping the future

Prof. Heloísa Filipe Alves

How can biomechanic concepts take your aligners treatment to the next level?

Dr. Bruno Almeida Gomes

4.20 pm
4.50 pm

Coffee Break

4.50 pm
6.15 pm

How to simplify our orthodontic treatments through an easy protocol, strategy and innovation

Dr. Luis Carrière

Benefits of 4D digital workflow in complex myofunctional treatments

Dr. Arash Zarrinpour

Saturday 31 May

MORNING

08h30

Opening

Workshops ORTHODONTICS

FR

9 am
11 am

Neuromuscular concept: discussions & visions
Dr. Romain de Papé

EN

11.15 am
1.15 pm

The Carrière Motion concept: discussions based on clinical cases
Dr. Luis Carrière
Dr. Ana-María Cantor
Translated in French

FR

11.15 am
1.15 pm

**Froggymouth: establishing functional balance
in daily practice for patients of all ages**
Dr. Patrick Fellus

See you soon
